

DECISION MAKING FOR DUMMIES  
VS  
DECISION MAKING FOR IMPERIAL OFFICERS

Airyu: G'day, mates! We've got an unusual matchup this week, and because of that, we're gonna have an unusual host! Take it away, LT Needa!  
Needa: What? What are we doing?  
Airyu: Well, you decide! It's your show this week!  
Needa: Ah... uh... what the hell do I do?  
Airyu: Your head a splode.  
Needa: Whaaa!?!? \*explodes\*  
Airyu: Sero, bring me the checklist, what's left?  
Serovich: \*walks over with a datapad\* Well, I'm a little confused. Did he count as an idiot, or an Imperial officer?  
Airyu: Meh \*shrugs\*  
Serovich: But... I don't... we can't... huh?!?!? \*explodes\*  
Airyu: Riiight. Hey DS, how's the spy cam feed coming along?  
Death Squire: It's good, let's just switch it on...  
Airyu: Gather 'round, my minions...

The monitor comes to life, showing AD Khadgar in his office, faced with stacks of applications for Vanguard COM  
Khadgar: Hmm.. all these applications... I... just can't make up my mind!! Justi?!? Frodo?!?  
That crazy Airyu?!?! Gyaaahh!! \*explodes\*

Airyu: I guess that answers my question. \*looks at his COM application\* I wonder if I should apply for BGCOM now too... ack!! \*explodes\*

MORAL: In the StrongBadZone of business, indecision makes your head a splode. It also cuts the Grudge Match to a shorter length...
